## ***Long-standing rally tradition in Zlín***

Barum Czech Rally Zlín has long been one of the most important motorsports events in the Czech Republic, and its 54th year will be held in 2025. The tradition of the Zlín competition is closely related to the popularity of rallying in the Czech Republic; every year, tens of thousands of enthusiastic motorsports fans travel to the Zlín region for the Barum rally. The great importance of this event is also demonstrated by the unprecedented media interest!

The long-standing partner of the Zlín competition is Continental Barum s.r.o. The association of the brand of the most successful and largest domestic tire manufacturer with an important motorsports race creates favorable conditions for the perception of both the tire brand and the competition. As in previous years, the Barum brand will be the main partner of the Barum Czech Rally Zlín. This competition, which is centered in the Moravian city of Zlín, has worked its way up to the very top of motorsports events in the Czech Republic over the years and is the bearer of a number of innovations not only in domestic rallying. Since 1984, the competition has been part of the European Drivers' Championship and since 2007, Barum Rally has had a strong promoter, first the global television company Eurosport and from 2022 WRC Promoter GmbH, which is also a media partner for the WRC World Championship events.

The Zlín competition attracts a number of famous names to the start every year and the pitfalls of its track have been experienced by a number of drivers active in the world championship, such as Bruno Thiry, Freddy Loix, Toni Gardemeister, Andreas Mikkelsen, Thierry Neuville, Juho Hänninen, Kris Meeke, Esapekka Lappi, Ott Tänak and Craig Breen.

However, the most successful drivers in terms of the number of victories have mostly been domestic drivers - besides the Italian Enrico Bertone, they were Vladimír Hubáček and Roman Kresta, who dominated the Zlín rally a total of three times, but the real hegemon of the Barum rally will be the hard-to-beat Jan Kopecký, who won in Zlín a total of eleven times.

The rally headquarters, as well as the start and finish, will be concentrated in the regional capital of Zlín. The start of the Barum Czech

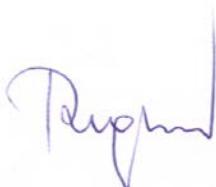

Rally Zlín will be preceded by a technical inspection held on Thursday evening in the Otrokovice service zone. On Friday morning, a qualifying test and shakedown will take place near Otrokovice, followed by a ceremonial start in front of the Zlín town hall in the early evening.

The rally itself will start with an evening spectator special in the streets of Zlín, followed by two full-fledged racing days. The entire rally will include 200 km of asphalt-surfaced special stages, and thanks to the compact format, the furthest rally location is only 50 km from the competition center. The press center will be located in the lobby of AB Continental Barum in Otrokovice, near the service zone.

In addition to the main event, the Barum Czech Rally Zlín, the racing weekend in Zlín will also include the seventeenth year of the popular Star Rally Historic, designed for historic cars manufactured between 1961 and 2000. There will also be an adventurous Green Rally for electric and hybrid cars, and a traditional attraction on Friday's special stage will be a regularity drive of historic veteran cars from the first half of the 20th century.

The city of Zlín is located in a narrow valley on the border of Wallachia and Slovakia and is surrounded by forested hills that provide beautiful and romantic scenery. The city is located in East Moravia and is 300 km east of the Czech capital Prague and 220 km from the Austrian capital Vienna.

It is worth seeing and enjoying the atmosphere of the Barum Czech Rally Zlín!

## *Dominik Stříteský takes over from Jan Kopecký on the Barum Rally throne*

The king is deposed, long live the king! These are the words that could end the 53rd BARUM CZECH RALLY ZLÍN 2024. The long-time ruler of the Zlín rally, Jan Kopecký, who has won the competition eight times in a row since 2015 and eleven times in total, is defeated. The absolute winner was the Czech crew of Dominik Stříteský, Jiří Hovorka in the Škoda Fabia RS Rally2 from the Auto Podbabská Škoda Mol Team. After eighteen long years, a regional driver has once again dominated the Barum rally. The last time this happened was in 2006 when Roman Kresta triumphed. The Austrian-German pair Simon Wagner, Jara Hainová finished in second place, 19.2 seconds behind. The Czech-Slovak crew Erik Cais, Igor Bacigál took third place, 24 seconds behind. The best crews all drove Škoda Fabia RS Rally2 cars.

As always, the Barumka started with the opening spectator Super SS in the night streets of the city of Zlín. Although it does not decide the competition, it is an attractive prelude. On Friday evening, the fastest Austrian Wagner was. The mistake of the crew Cais, Bacigál was very significant for the further development of the competition. They received a twenty-second penalty for arriving late at the time control before SS1.

In the following course, Cais worked hard to make up for his mistake. On Saturday morning, he dominated three of the four timed sections and came in second place (Cais won eight timed tests in total). The turning point for the development of the competition was the first pass through Bunč. On it, eleven-time Barumka winner Jan Kopecký got a puncture and the loss of more than two and a quarter minutes irretrievably took away his chance for another laurel.

The second passes through Březová and Kateřinice belonged to Cais again and it seemed that two regional riders would fight for first place: Cais

riders would fight for first place: Cais was 4.2 seconds behind Stříteský after SS7. However, the rain on the second pass through Rajnochovice deprived the Barum riders of another candidate for victory. Cais did not have many chances on dry tires and reached the finish line of the SS with a loss of more than forty seconds to the winning Stříteský. After a well-run stage, Wagner settled in second position. The second pass through Bunč was canceled due to bad weather for safety reasons and Stříteský spent the night in the leading position with a comfortable lead of 21.1 seconds.

During Sunday, the native of Kelč maintained his lead, even with a little luck. Although Stříteský did not win the SS, he managed to maintain a lead of more than twenty seconds over Wagner with his times. On the first two stages of Sunday's stage, he reached the finish line with slow punctures. The end of SS 13 also brought excitement, where Stříteský's car made it to the finish line within the time limit, but the 24-year-old leader of the Czech championship managed to pass the finish photocell.

The leading driver also successfully led on the second stage of SS Pindula, and so had a 25.1-second lead over Wagner. A big fight was expected in other places. Thanks to further wins in Halenkovice and Pindula, where he drove 6.6 seconds and 5.2 seconds better than his competitor, Cais reached third place ahead of Březík. And he could have even thought about second place. Everything was decided on the final Power Stage Halenkovice. Stříteský calmly reached the finish line of the

last special stage and confirmed his triumph at this year's Barumka. Wagner defended the second position, while Cais finished third despite winning the stage, 4.8 seconds behind the silver position. Březík finished fourth and the defending champion Kopecký finished ninth.

The ERC3 category belonged to the Czech-British crew Filip Kohn, Tom Woodburn, who won by one and a half minutes ahead of Kerem Kazaz from Turkey (both Ford Fiesta Rally3). The ERC4 classification was best managed

by the Hungarians Patrik Herczig and Kristóf Varga, who with their Peugeot 208 Rally4 were 48.1 seconds faster than the Czech crew Daniel Polášek, Zdeněk Omelka in the same car. Herczig was also the fastest - 2WD.

C550012623, organizer's liability insurance covering damage caused to the third party during the competition up to 2 000 000 EUR per incident.

The insurance of foreign crews have to cover the costs of possible medical treatment in the Czech Republic. Insurance cover must start from Free Practice / Shakedown until Parc fermé after the finish of the rally.

### **Damage Reporting**

The crews are obliged to notify the organizer about the damage caused on the track by their car by the end of event the latest. Violation of this duty stands for summoning the competitor and involved crew to a disciplinary committee.

### **Insurance Coverage Exclusions**

### **Zlín**

**Population:** 75 117 inhabitants

**Town area:** 103 km<sup>2</sup>

The regional town Zlín is situated in the valley of the Dřevnice river, in the mild and warm climate of south-eastern Moravia, on the boundary of Walachia, Haná and Moravian Slovakia. The first written reference to Zlín dates back to 1322, when the townlet was purchased by queen Eliška, the widow after King Václav II. Today, Zlín is considered to be the natural urban centre of south-eastern Moravia and has become the centre of the recently formed Zlín region. In the first half of the 19th century, the town became famous by Tomáš Baťa, the founder of a large shoemaking enterprise. Zlín's local functionalist architecture is unique.

Zlín's appearance has changed a lot during the past decade, and it has become a modern prospering town with significant business activities, a wide range of services offered, and good industrial background. In 2001, a new university – the Tomáš Baťa University – was founded in Zlín. The town is a seat of numerous important offices, cultural institutions, and one can anticipate that as the new administrative region develops, Zlín's significance will continue to grow. Major scientific events are held in Zlín, especially medical congresses, as well as sports events of national and international significance.

New buildings, renovated facades and streets are among the first impressions Zlín has to offer. The valley of the Dřevnice river around which the town spreads, is full of greenery, and many people enjoy strolling round the town and find it to be an unforgettable experience. Those, who really get to know the town, understand why Zlín makes such an impression on a number of its visitors, and why its inhabitants find it so difficult to move away.

Those who stay here longer come to realise that there is a choice of housing, catering, cultural and sporting opportunities available both in the town and in its surroundings.

Zlín is a town of culture. The Zlín Municipal theatre and the Bohuslav Martinů Philharmonic Orchestra rank among the town's traditional cultural institutions. Besides, there are other dynamic organisations, such as the Zlín State Gallery, the Museum of South-Eastern Moravia, the Little Stage alternative Theatre, tens of private art galleries, folklore groups, modern rock clubs, and art agencies. The annually held International Children's and Youth's Film Festival adds to the town's cultural image. The Lešná Zoo cannot be omitted, its gardens rank among the best in the Czech Republic, and their European significance is generally acknowledged.

The young, modern, dynamic town does not overlook sports either, be it mass, high performance or top performance sports, organising of prestigious competitions, and taking care of Zlín's inhabitants enjoying active leisure time. The town continues the tradition of longstanding, strong sporting background. Zlín's sports grounds can boast of having brought up a number of Czech sports representatives.

A number of prestigious sports events take place in Zlín. Let us mention at least two of them. In season 2003 – 2004 Zlín's hockey club HC Hamé won at first in history extraleague honour.

Zlín and its surroundings are well-known by automobile racing fans. The Barum Rally, one of the major automobile racing events, has been held here for three decades. Each year, the rally is attended by hundreds of thousands of excited spectators creating an outstanding setting for the contest. As of the year 2002, the Barum Rally holds the top coefficient 20, which makes it a „small world championship“. During three September days, Zlín and its surroundings are occupied by Europe's top car drivers, along with some six hundred thousand exhilarated spectators.
